

THE SYLLABUS FOR SEED QUALIFYING TEST FOR PLACEMENT

Math's Paper Topics

30 Questions

Algebra, Arithmetic's, Menstruation, Trigonometry, Geometry, Co-ordinate geometry, Statistics including probability, Data Interpretation and common mathematical fundamental questions.

English Paper Topics

30 Questions

Reading Comprehension, word list, one word for, ologies and ographies, idioms and phrases, English grammar including articles, common mistakes in English

Logic Paper Topics

30 Questions

Analogies the brain hunt, coding and decoding, series completion, odd man out, mathematical operations, blood test / relations mystery, Statement and conclusions and arguments, Data sufficiency, Logical diagram and other questions.

C, C++ Paper Topics (Beginner and Intermediate Questions)

40 Questions

Operator, Operands, Expressions, Functions, Pointers, Arrays 1D, 2D, Storage Classes and Preprocessors, File I/O, Bitwise Operators, Function Pointers, Graphics, Constructor and Destructor, Static and Constant, Friend Functions and Conversion Function, Containment and Inheritances, Templates and Introduction to STL, Multiple Inheritance, Exception Handling, RTTI and Namespaces, Data Structure.

Specialization Paper. (Any One)

20 Question

(Intermediate level questions 10 and expert level questions 10)

- Java and Advance Java
- Dot Net
- C, C++
- RDBMS
- Testing

(For paper pattern refer the SEED QTP Mock booklet.)

Sr.	Section	No of Questions	No of Marks	Industry Benchmark Minimum Marks Desired	Time Duration
1	Mathematics	30	30	15	180 minutes total paper Duration There is no Sectional time limit.
2	English	30	30	15	
3	Logic	30	30	16	
4	C, C++	40	40	20	
5	Specialization	20	20	10	

All the candidates will be getting a mark sheet of SEED QTP.
All the best!!!!
